**“In Praise of Wisdom: *Where can wisdom be found?*”
Job 28**

1. Man has been given astounding ingenuity and technical genius, yet he cannot extract wisdom from the earth (28:1-11).
2. All the rare jewels and metals in all the earth do not compare to the *value* of wisdom. It is beyond man's understanding and ability to purchase (28:12-19).
3. Wisdom does exist, but it is *hidden from all living*, except for God. *He understands its way, and He knows its place* (28:20-27).
4. Therefore, the only way man can *Get wisdom! Get understanding!* is from God: *the fear of the Lord that is wisdom, and to depart from evil is understanding* (28:28).
